

Dear Parents & Families,

It is with heavy heart that I am writing this letter. I have decided to move on from Walden Green Montessori and my last day will be Friday, October 4.

I wanted to let you all know that my decision to leave has nothing to do with Mark N. and the future of Walden Green. I am so impressed with all the changes that John and Mitri made already and I am very optimistic of Mark and I truly believe that he will do great things for Walden Green and for your children. I have chosen to leave Walden Green due to a fantastic opportunity to teach mathematics in Muskegon. Math was my major in college and a deep passion of mine has always been to empower young learners to better understand and love mathematics.

I feel so blessed to have known your children and I have absolutely loved working with all of them. Mark has asked me to assist him with interviews for my successor which I am happy to do. I would love to continue to keep in touch with them. If they would like to send me an email, I would love to hear from them. My home email address is [janellenuvill@hotmail.com](mailto:janellenuvill@hotmail.com).

[I wish you all the best of luck in whatever your future holds. Thank you for such great memories.](#)

[Best Wishes,](#)
