

Vision: Love of learning. Freedom to fly.

Mission:

Walden Green Montessori strives to educate and develop our students to prepare them for the world beyond our doors. We do this through child-centered activities that:

- Develop curiosity, creativity and character
- Foster independence and social responsibility within a community framework
- Inspire the love of learning independently and collaboratively
- Highlight global justice, fairness and peace

Values:

Compassion – *Open and committed to understanding and supporting one another*

The Walden Green Montessori school community believes in a sense of openness and commitment to understanding one another. Through this understanding, we are able to instill a sense of empathy for others' perspectives and support one another by giving freely of ourselves.

Curiosity – *Inquisitive beyond established frameworks*

An inquisitive nature drives exploration beyond established frameworks of understanding and builds a deeper understanding of the world around us.

Creativity – *Originality and fostering of ideas*

Our value of curiosity sparks originality and inspires the innovation of ideas. We encourage our community to foster ideas beyond established frameworks.

Inclusive – *Share and receive towards understanding*

Our community is best when it involves a variety of perspectives. Though it is not always easy to meld ideas and visions to a common understanding, we hold true to the idea that it is in the best interest of all of us to share and receive willingly to provide a sense of clarity and a richer understanding.

Integrity – *Open, honest, and accountable*

At Walden Green, we hold all stakeholders to the highest level of character and accountability. We believe in ethical behavior; and we will strive to make our values self-evident and attractive to students.
